

Peals

Like quarter peals, a peal attempt is a good way to get practice. The Troyte R. C. organises regular peals and anyone interested in ringing in one should contact Mike Hatchett.

Extended Practices

The number of students at our Extended Practices is carefully limited to ensure that all learners get a good opportunity for plenty of ringing. If you wish to attend any of these events it is essential that you book a place with Les Boyce well in advance. All listed below will be held at Huntsham @ £6 inc lunch each event unless stated otherwise.

Sat 22nd July, 10.00-13.00: Kaleidoscope

This event is designed for those who want to make their first steps into method ringing by learning how to change the position of their bell at handstroke & backstroke. This involves early development of placemaking & dodging.

Sat 12th August, 10.00-13.00: Plain Bob Doubles

If you are able to ring Plain Hunt & wish to make a start on ringing an inside bell to a method then this is for you. A practical session enabling you to ring Plain Courses and touches with an experienced band. Some theory, tips on how to learn a method & recognising some signposts.

Sat 28th October, 10.00-13.00 Learn & ring a new method in 3hrs

This event is designed for those who want to develop skills in how to learn methods effectively, having got the basics already. Plain hunting the treble to doubles is a requirement to participate.

SAT 11th November, 10.00-13.00: Raising & Lowering in Peal

If you are able to ring your bell up & down but are struggling to do so in peal then this is the course for you. Practical session with tips & understanding on how to know if you are too high or low, too near or far.

SAT 25th November, 10.00-13.00: Plain Bob Doubles

See 12th August for details

SAT 2nd December, 14.00-17.00: Plain Hunt [Fee £5 inc tea]

Want to make a start with method ringing? If you can ring call changes well and know a little of the theory of Plain Hunt already, then this practice will give you the chance to ring Plain Hunt on several different bells or the treble to a variety of methods. (Tea and Cake afterwards)

“Follow-up Sessions”

Following the extended practices we will offer guidance on how individuals can access some follow-up practice for continuing development of the skills achieved during the half-day sessions. This will be discussed at the end of the half day event upon request.

For further information contact the team.

Help for Towers & Groups

BESPOKE TRAINING & PRACTICES Events can be arranged for tower bands or groups of ringers with the same needs, e.g. raising or lowering in peal or starting to plain hunt. These can be arranged to take place either:

- at the T.R.C., where refreshments and light lunches can be provided. *or*
- in your own tower after consultation with your ringers about what the training is aiming to do and when it can best be done.

A key requirement is that the individual ringers in towers or groups can commit to attending the sessions which are arranged. Help from others can be arranged where a tower is short of experienced ringers. Courses can be run in the daytime or evening, weekdays or weekends, subject to the availability of tutors, the Centre bells and helping ringers. Please contact Les Boyce to discuss your requirements and the arrangements for meeting these.

Quarter Peals

Quarter Peals are an excellent way of getting extended practice for a particular method or several methods. We can arrange for an experienced band to ring with you to help you achieve your ringing targets. Quarter Peals normally are rung at Huntsham on the first Wednesday evening of each month or at a date/time/venue convenient to you. If you would like us to organise a quarter peal for you, please contact Sheila Scofield.

Dates available this half year are: 5th & 19th July, 2nd & 16th Aug, 6th Sep, 4th Oct, 1st Nov, 6th Dec
